FIELD LEVEL NOTES

1. Section Number: Main

Field Name: FedAllocExpended Row Name: Federal Allocation Column Name: Expended

Year: 2004 Field Note:

Expended amount based on actual award. Since budgeted amount for FY2004 cannot be changed, it does not reflect actual award dollars.

2. Section Number: Main

Field Name: LocalMCHFundsExpended Row Name: Local MCH Funds Column Name: Expended

Year: 2004 Field Note:

Substantial increase in Local funding is due to two major local health units beginning reporting other local funds used for MCH Block purposes, but not reported in the past. These funds/validation are representative of local initiatives, should be considered soft monies, and not counted on at this level in subsequent years as an absolute

commitment.

3. Section Number: Main

Field Name: ProgramIncomeExpended Row Name: Program Income

Row Name: Program Income Column Name: Expended

Year: 2003 Field Note:

Figures reported in ERP often indicate differences between budgeted and expended columns due to the time factor associated with submission of estimated budgeted amounts in ERP for an application period versus what eventually occurs in agency expenses once that projected period is reflected in the annual report two years hence. This figure represents Medicaid collections of more than were projected and resulting expenditures against these monies during the year in question.

4. Section Number: Main

Field Name: ProgramIncomeExpended

Row Name: Program Income Column Name: Expended

Year: 2004 Field Note:

Figures reported in TVIS often indicate a significant difference between budgeted and expended columns for each fiscal year reporting period. Many of these differences are due to the time factor associated with submission of estimated budgeted data in TVIS for an application period versus what actually occurs in overall agency expenses once that projected period is reflected in the annual report two years hence.

5. Section Number: Main

Field Name: OtherFedFundsExpended Row Name: Other Federal Funds Column Name: Expended

Year: 2004 Field Note:

Significant changes within the Oklahoma State Department of Health (OSDH) structure occurred in FY2002 with realignment of organization. During the 2002 time period, the group of programs that made up MCH Services was reorganized into several separate services. Much of the "other federal monies previously under the control of the MCH Director" was placed in other service areas and therefore could not be reported as expenditures within TVIS.

FIELD LEVEL NOTES

Section Number: I. Federal-State MCH Block Grant Partnership

Field Name: PregWomenExpended Row Name: Pregnant Women Column Name: Expended

Year: 2003 Field Note:

This increase is partially due to shifting resources within the direct services area. Additionally, state appropriated funding declines during the 2003 grant year were less than anticipated and allowed for larger expenditure than was projected in the 2003 application.

Section Number: I. Federal-State MCH Block Grant Partnership

Field Name: PregWomenExpended Row Name: Pregnant Women Column Name: Expended

Year: 2004 Field Note:

Figures reported in TVIS often indicate a significant difference between budgeted and expended columns for each fiscal year reporting period. Many of these differences are due to the time factor associated with submission of estimated budgeted data in TVIS for an application period versus what actually occurs in overall agency expenses once that projected period is reflected in the annual report two years hence. Additionally, reduction in state funding over the past two state fiscal years has had an impact on total validation towards the MCH Block Grant.

Section Number: I. Federal-State MCH Block Grant Partnership

Field Name: Children_0_1Expended Row Name: Infants <1 year old Column Name: Expended

Year: 2004 Field Note:

Figures reported in TVIS often indicate a significant difference between budgeted and expended columns for each fiscal year reporting period. Column Name: Expended

Year: 2004

Field Note:

Figures reported in TVIS often indicate a significant difference between budgeted and expended columns for each fiscal year reporting period. Many of these differences are due to the time factor associated with submission of estimated budgeted data in TVIS for an application period versus what actually occurs in overall agency expenses once that projected period is reflected in the annual report two years hence.

Section Number: I. Federal-State MCH Block Grant Partnership

Field Name: AllOthersExpended Row Name: All Others Column Name: Expended

Year: 2003 Field Note:

This decrease is partially due to shifting resources within the direct services area. Additionally, all areas of MCH Block dollars, (A) Maternal and Infant Care, (B) Preventative and Primary Care for Children, and (C) Children with Special Health Care Needs, are committed to continue a realignment of resources towards core infrastructure, population based, and enabling services. This decrease is partially due to shifting resources away from direct services to infrastructure related areas.

Year: 2004

Figures reported in TVIS often indicate a significant difference between budgeted and expended columns for each fiscal year reporting period. Many of these differences are due to the time factor associated with submission of estimated budgeted data in TVIS for an application period versus what actually occurs in overall agency expenses once that projected period is reflected in the annual report two years hence.

Section Number: I. Federal-State MCH Block Grant Partnership

Field Name: AdminExpended Row Name: Administration Column Name: Expended

Year: 2003 Field Note:

Figures reported in ERP often indicate differences between budgeted and expended columns due to the time factor associated with submission of estimated budgeted amounts in ERP for an application period versus what eventually occurs in agency expenses once that projected period is reflected in the annual report two years hence. This figure represents state appropriated funding declines during the 2003 grant year that were less than anticipated and allowed for larger expenditure than was projected in the 2003 application.

Year: 2003

Field Note:

All areas of MCH Block dollars, (A) Maternal and Infant Care, (B) Preventative and Primary Care for Children, and (C) Children with Special Health Care Needs, are committed to continue a realignment of resources towards core infrastructure, population based, and enabling services. This increase is partially due to shifting resources away from direct services to infrastructure related areas. Additionally, state appropriated funding declines during the 2003 grant year were less than anticipated and allowed for larger expenditure than was projected in the 2003 application.

174,206 unique sessions

During the 2004 fiscal year, the OASIS website (http://oasis.ouhsc.edu) received 872,650 hits and 174,206 unique sessions. These statistics are taken from activity reports created by a website analysis program on the OUHSC web server which hosts the OASIS website. The OASIS website contains information about OASIS, SoonerStart, the Oklahoma Commission on Children and Youth, the Oklahoma Resptie Resource Network, Maternal & Child Health resources, the OASIS Parent Contact System and other programs and agencies as well as a calendar of events and a searchable directory of resources. The directory is accessible to anyone visiting the site and can be used to find information on programs based on keywords used to search through the directory. Site activity reports show that there were at least 11,000 views or visits to the directory pages, listed among the most commonly viewed pages. There is no method at this time, however, to track demographics for these users.

*A hit is defined as any connection to an Internet site, including inline images and errors. A session is defined as one or more transactions between the Web server and a specific IP Address. Sessions can be human users as well as automated users such as search engine robots. Sessions expire after 15 minutes of inactivity.

FORM 10 TITLE V MATERNAL & CHILD HEALTH SERVICES BLOCK GRANT STATE PROFILE FOR FY 2006 [SEC. 506(A)(1)]

STATE: OK

1. State MCH Administration:

The Title V Program is administered by two state agencies. The Oklahoma State Department of Health (OSDH) administers programs for pregnant women, mothers, infants and children through the Maternal and Child Health Service (MCH). MCH organizationally consists of the Child and Adolescent Health Division, Women's Health Division and MCH Assessment. The Oklahoma Department of Human Services (OKDHS) administers the Children with Special Health Care Needs (CSHCN) Program through the Health Related and Medical Services of the Family Support Services Division.

11. Statewide Initiatives and Partnerships:

a. Direct Medical Care and Enabling Services:

d. CSHCN

e. Others

a. Pregnant Women b. Infants < 1 year old c. Children 1 to 22 years old

MCH provides child and adolescent health clinical services through county health departments and contract providers. Services include outreach, physical examination and treatment, anticipatory guidance, social work, nutrition and health education. In addition, MCH provides clinical family planning and maternity services through county health departments and contract providers. These services include outreach, prenatal risk assessment, physical examination and treatment, social work, nutrition and health education. Dental health services are also provided to include oral examinations, clinical procedures and treatment. Through contracted providers the CSHCN Program provides clinical and enabling services to neonates, children with sickle cell disease and children who have been placed in custody of the state. The CSHCN Program provides formula, diapers and adaptive equipment through the Supplemental Security Income (SSI)-Disabled Child Program (DCP) to children who receive SSI, as well as specialized formulas to children who have no other resource for receiving this formula. The CSHCN Program also provides respite care for the parents/caretakers of medically fragile children. MCH and the CSHCN Program provide support to the statewide 1-800 toll free resource and referral system.

79,863

b. Population-Based Services:

MCH provides education and training for health care providers, communities, schools, children and parents/guardians on healthy behaviors to include topics such as nutrition and physical activity, prevention of Sudden Infant Death Syndrome (SIDS), teen pregnancy prevention, school health, injury prevention, suicide prevention and violence prevention. MCH works with child care providers statewide on health and safety issues and provides leadership with the state early childhood systems initiative. In addition, community education and training on women and men's preventive health care, maternity care, women and men's reproductive health is provided. Support is provided for monitoring birth defects through a statewide registry and providing information and education on preventive measures. MCH supports and provides technical assistance for Fetal and Infant Mortality Review (FIMR), Maternal Mortality Review and Child Death Review activities. Oral health education to include the benefits of fluoridation is provided to communities, children and families. All newborns are screened for metabolic and hearing loss and followed to assure appropriate intervention is needed. The CSHCN Program provides education to health care providers and communities on issues impacting children with special health care needs.

c. Infrastructure Building Services:

MCH provides leadership in developing and setting state policy for services impacting the maternal and child health population to include children with special health care needs. The CSHCN Program provides leadership in developing and setting state policy for services impacting children with special health care needs and their families. The MCH and the CSHCN Program are involving more parent/caretakers, stakeholders and the general population in providing input into the planning process for MCH and CSHCN services. MCH provides education, training and technical assistance to public and private health care providers statewide on current health policies and standards of practice. Program specific data and population-based data from sources such as the State Systems Development Initiative (SSDI), Pregnancy Risk Assessment Monitoring System (PRAMS), The Oklahoma Toddler Survey (TOTS), Oklahoma First Grade Survey, Oklahoma Fifth Grade Survey, Youth Risk Behavior Survey (YRBS), Middle School Risk Behavior Survey (MSRBS) and the Oklahoma Birth Defects Registry provides information for the planning, development and maintenance of maternal and child health policy and procedures, program services and community planning. CSHCN services can be obtained through local Oklahoma Department of Human Services (OKDHS) offices located in every county of the state. MCH and the CSHCN program provide technical assistance, education, training and monitoring of Title V related activities to assure communities have resources to identify health care needs of women, infants, and children and to enhance/develop systems of care.

FIELD LEVEL NOTES

1. Section Number: Performance Measure #1

Field Name: PM01 Row Name: Column Name: Year: 2002 Field Note:

Data were obtained from Screening and Special Services, Oklahoma State Department of Health. All newborns born in Oklahoma are screened for congenital hypothyroidism, galactosemia, phenylketonuria and sickle cell disease.

2. Section Number: Performance Measure #1

Field Name: PM01 Row Name: Column Name: Year: 2003 Field Note:

PM#1: Data were provided by Screening and Special Services, OSDH.

 Section Number: Performance Measure #1 Field Name: PM01

Field Name: PN Row Name: Column Name: Year: 2004 Field Note:

Data were obtained from Screening and Special Services, Oklahoma State Department of Health. All newborns born in Oklahoma are screened for congenital hypothyroidism, galactosemia, phenylketonuria and sickle cell disease.

4. Section Number: Performance Measure #2

Field Name: PM02 Row Name: Column Name: Year: 2002 Field Note:

The 2002 indicator is based on the State estimates from SLAITS.

Section Number: Performance Measure #2

Field Name: PM02 Row Name: Column Name: Year: 2003 Field Note:

PM#2: Measure were pre-populated by data from the SLAITS CSHCN survey.

6. Section Number: Performance Measure #2

Field Name: PM02 Row Name: Column Name: Year: 2004 Field Note:

The data reported in 2004 are pre-populated with the data from 2003 for this performance measure.

7. Section Number: Performance Measure #3

Field Name: PM03 Row Name: Column Name: Year: 2002 Field Note:

The 2002 indicator is based on the State estimates from SLAITS.

B. Section Number: Performance Measure #3

Field Name: PM03 Row Name: Column Name: Year: 2003 Field Note:

PM#03: The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

9. Section Number: Performance Measure #3

Field Name: PM03 Row Name: Column Name: Year: 2004 Field Note:

The data reported in 2004 are pre-populated with the data from 2003 for this performance measure.

10. Section Number: Performance Measure #4

Field Name: PM04 Row Name: Column Name: Year: 2002 Field Note:

The 2002 indicator is based on the State estimates from SLAITS.

11. Section Number: Performance Measure #4

Field Name: PM04 Row Name: Column Name: Year: 2003 Field Note:

PM#4: The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

12. Section Number: Performance Measure #4

Field Name: PM04 Row Name: Column Name: Year: 2004 Field Note:

The data reported in 2004 are pre-populated with the data from 2003 for this performance measure.

13. Section Number: Performance Measure #5

Field Name: PM05 Row Name: Column Name: Year: 2002 Field Note:

The 2002 indicator is based on the State estimates from SLAITS.

14. Section Number: Performance Measure #5

Field Name: PM05 Row Name: Column Name: Year: 2003 Field Note:

PM#5: The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

15. Section Number: Performance Measure #5

Field Name: PM05 Row Name: Column Name: Year: 2004 Field Note:

The data reported in 2004 are pre-populated with the data from 2003 for this performance measure.

16. Section Number: Performance Measure #6

Field Name: PM06 Row Name: Column Name: Year: 2002 Field Note:

Because only one of the States (Maine) met the NCHS standards for reliability for PM 6, the 2002 indicator is the national average except for Maine which has its State

value noted.

17. Section Number: Performance Measure #6

Field Name: PM06 Row Name: Column Name: Year: 2003 Field Note:

PM#6: The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

18. Section Number: Performance Measure #6

Field Name: PM06 Row Name: Column Name: Year: 2004 Field Note:

The data reported in 2004 are pre-populated with the data from 2003 for this performance measure.

19. Section Number: Performance Measure #7

Field Name: PM07 Row Name: Column Name: Year: 2002 Field Note:

Data for PM#7 were obtained from the National Immunization Survey, National Center for Health Statistics.

20. Section Number: Performance Measure #7

Field Name: PM07 Row Name: Column Name: Year: 2003 Field Note:

PM#7: Data were obtained from the National Immunization Survey, Centers for Disease Control and Prevention.

Population data were obtained from the U.S. Bureau of the Census.

21. Section Number: Performance Measure #7

Field Name: PM07 Row Name: Column Name: Year: 2004 Field Note:

PM#7: Data were obtained from the National Immunization Survey, Centers for Disease Control and Prevention. 2004 data are not available; therefore, year 2003 is

epeated.

Population data were obtained from the U.S. Bureau of the Census.

22. Section Number: Performance Measure #8

Field Name: PM08 Row Name: Column Name: Year: 2002 Field Note:

Birth data obtained from Health Care Information, Oklahoma State Department of Health. The number of births for year 2002 are considered provisional. Births for year 2001 have been revised to reflect current data. Population figures obtained from U.S. Census Bureau. Population data for years 2000-2001 reflect Census 2000 numbers.

23. Section Number: Performance Measure #8

Field Name: PM08

Row Name: Column Name: Year: 2003 Field Note:

PM#08: Birth data obtained from Health Care Information, Oklahoma State Department of Health. The number of births for year 2003 are considered provisional. Births for year 2002 have been revised to reflect current data. Population figures obtained from U.S. Census Bureau. Population data for years 2001 and 2002 have been revised with updated figures.

24. Section Number: Performance Measure #8

Field Name: PM08 Row Name: Column Name: Year: 2004 Field Note:

PM#08: Birth data obtained from Health Care Information, Oklahoma State Department of Health. The number of births for year 2004 are not yet available; therefore, year 2003 is repeated. Population figures obtained from U.S. Census Bureau.

25. Section Number: Performance Measure #9

Field Name: PM09 Row Name: Column Name: Year: 2002 Field Note:

For previous reportings, this measure was estimated by using data from the Oklahoma First Grade Survey generalized to the population of Oklahoma third graders.

OSDH Dental Services has contracted with the University of Oklahoma College of Dentistry to perform a focused assessment of third grade children. The Department of Biostatistics and Epidemiology, University of Oklahoma College of Public Health is collaborating with Dental Services to determine sample design and to perform the data analysis. Results are anticipated for later this year (2003). When these results are made available, the performance measure will be updated.

26. Section Number: Performance Measure #9

Field Name: PM09 Row Name: Column Name: Year: 2003 Field Note:

PM#09: 2003 data were obtained from Oklahoma Oral Health Needs Assessment, 2003 - Dental Health Service, OSDH.

27. Section Number: Performance Measure #9

Field Name: PM09 Row Name: Column Name: Year: 2004 Field Note:

PM#09: Data were obtained from a statewide Oklahoma Oral Health Needs Assessment, 2004 - Dental Health Service, OSDH.

28. Section Number: Performance Measure #10

Field Name: PM10 Row Name: Column Name: Year: 2002 Field Note:

Vital statistics data were obtained from Health Care Information, Oklahoma State Department of Health. Population figures reflect Census 2000 numbers.

29. Section Number: Performance Measure #10

Field Name: PM10 Row Name: Column Name: Year: 2003 Field Note:

PM#10: Data were obtained from Health Care Information, OSDH.

30. Section Number: Performance Measure #10

Field Name: PM10 Row Name: Column Name: Year: 2004 Field Note:

PM#10: Data were obtained from Health Care Information, OSDH. Data for year 2004 are not yet available; therefore, year 2003 is repeated.

31. Section Number: Performance Measure #11

Field Name: PM11 Row Name: Column Name: Year: 2002 Field Note:

The estimate for the prevalence of mothers breastfeeding at discharge was obtained from the Oklahoma Pregnancy Risk Assessment Monitoring System (PRAMS). The obtained estimate is then applied to the number of total resident Oklahoma births to achieve numerator data. The estimate reflects data from the year 2000 Prams, the most recent figures available. Data previously reported for years 2000 and 2001 have been revised to reflect current information.

Birth data were obtained from Health Care Information, Oklahoma State Department of Health.

32. Section Number: Performance Measure #11

Field Name: PM11 Row Name: Column Name: Year: 2003 Field Note:

PM#11: Data were obtained from Oklahoma PRAMS.

33. Section Number: Performance Measure #11

Field Name: PM11
Row Name:
Column Name:
Year: 2004
Field Note:

PM#11: Data were obtained from Oklahoma PRAMS. Year 2004 data are not yet available. Year 2003 estimate is repeated.

34. Section Number: Performance Measure #12

Field Name: PM12 Row Name: Column Name: Year: 2002 Field Note:

Data for PM#12 were obtained from the Newborn Hearng Screening Program, Screening and Special Services, Oklahoma State Department of Health.

35. Section Number: Performance Measure #12

Field Name: PM12 Row Name: Column Name: Year: 2003 Field Note:

PM#12: Data were obtained from Screening and Special Services, OSDH.

36. Section Number: Performance Measure #12

Field Name: PM12 Row Name: Column Name: Year: 2004 Field Note:

PM#12: Data were obtained from Screening and Special Services, OSDH. Data for year 2004 are not yet available, therefore, the previous year's indicator has been used to generate estimates. Performance Measure will be updated as new information is released.

37. Section Number: Performance Measure #13

Field Name: PM13 Row Name: Column Name: Year: 2002 Field Note:

The estimate for the percent of Oklahoma children without health insurance was obtained from the Urban Institute and Kaiser Commission on Medicaid and the Uninsured. Estimates are pooled March 2001 and 2002 Current Population Surveys.

38. Section Number: Performance Measure #13

Field Name: PM13 Row Name: Column Name: Year: 2003 Field Note:

PM#13: Data were obtained from the Urban Institute and Kaiser Commission on Medicaid and the Uninsured estimates based on pooled March 2002 and 2003 Current Population Surveys.

39. Section Number: Performance Measure #13

Field Name: PM13 Row Name: Column Name: Year: 2004 Field Note:

PM#13: Sources: Urban Institute and Kaiser Commission on Medicaid and the Uninsured estimates based on pooled March 2003 and 2004 Current Population Surveys.

40. Section Number: Performance Measure #14

Field Name: PM14 Row Name: Column Name: Year: 2002 Field Note:

Numerator data for PM#14 were obtained from the Oklahoma Health Care Authority. Denominator data were obtained from the Kaiser Family Foundation, the Kaiser Commission on Medicaid and the Uninsured. Data for years 2000 and 2001 have been updated with newly gained information.

41. Section Number: Performance Measure #14

Field Name: PM14 Row Name: Column Name: Year: 2003 Field Note:

PM#14: Data were obtained from the Oklahoma Health Care Authority and the Kaiser Foundation.

42. Section Number: Performance Measure #14

Field Name: PM14 Row Name: Column Name: Year: 2004 Field Note:

PM#14: Data were obtained from the Oklahoma Health Care Authority and the Kaiser Foundation.

43. Section Number: Performance Measure #15

Field Name: PM15 Row Name: Column Name: Year: 2002 Field Note:

Vital statistics data were obtained from Health Care Information, Oklahoma State Department of Health. Data for year 2002 are considered provisional. Data for year 2001 have been revised to reflect final numbers.

44. Section Number: Performance Measure #15

Field Name: PM15 Row Name: Column Name: Year: 2003 Field Note:

PM#15: Data were obtained from Health Care Information, OSDH.

45. Section Number: Performance Measure #15

Field Name: PM15 Row Name: Column Name: Year: 2004 Field Note:

PM#15: Data were obtained from Health Care Information, OSDH. Year 2004 data are not yet available; therefore, year 2003 is repeated. Measure will be updated when now information becomes available.

46. Section Number: Performance Measure #16

Field Name: PM16 Row Name: Column Name: Year: 2002 Field Note:

Vital statistics data were obtained from Health Care Information, Oklahoma State Department of Health.

47. Section Number: Performance Measure #16

Field Name: PM16 Row Name: Column Name: Year: 2003 Field Note:

PM#16: Data were obtained from Health Care Information, OSDH.

48. Section Number: Performance Measure #16

Field Name: PM16 Row Name: Column Name: Year: 2004 Field Note:

PM#16: Data were obtained from Health Care Information, OSDH. Year 2004 data are not yet available; year 2003 is repeated to provide estimate for measure.

49. Section Number: Performance Measure #17

Field Name: PM17 Row Name: Column Name: Year: 2002 Field Note:

Vital statistics data were obtained from Health Care Information, Oklahoma State Department of Health. Data for year 2002 are considered provisional. Data for year 2001 have been revised to reflect final numbers.

50. Section Number: Performance Measure #17

Field Name: PM17 Row Name: Column Name: Year: 2003 Field Note:

PM#17: Data were obtained from Health Care Information, OSDH.

51. Section Number: Performance Measure #17

Field Name: PM17 Row Name: Column Name: Year: 2004 Field Note:

PM#17: Data were obtained from Health Care Information, OSDH. Data for year 2004 are not yet available. Year 2003 is repeated to provide estimate.

52. Section Number: Performance Measure #18

Field Name: PM18 Row Name: Column Name: Year: 2002 Field Note:

Vital statistics data were obtained from Health Care Information, Oklahoma State Department of Health.

53. Section Number: Performance Measure #18

Field Name: PM18 Row Name: Column Name: Year: 2003 Field Note:

PM#18: Data were obtained from Health Care Information, OSDH.

54. Section Number: Performance Measure #18

Field Name: PM18 Row Name: Column Name: Year: 2004 Field Note:

PM#18: Data were obtained from Health Care Information, OSDH. Year 2004 data are not available. Data from previous year has been updated and repeated to provide an

estimate.

55. Section Number: State Performance Measure #1

Field Name: SM1 Row Name: Column Name: Year: 2002 Field Note:

SPM#1: Data were obtained from Oklahoma PRAMS.

56. Section Number: State Performance Measure #1

Field Name: SM1 Row Name: Column Name: Year: 2003 Field Note: SPM#1: Data were obtained from Oklahoma PRAMS.

57. Section Number: State Performance Measure #1

Field Name: SM1 Row Name: Column Name: Year: 2004 Field Note:

SPM#1: Data were obtained from Oklahoma PRAMS. Year 2004 data are not available. Year 2003 data repeated as an estimate for 2004.

58. Section Number: State Performance Measure #2

Field Name: SM2 Row Name: Column Name: Year: 2002 Field Note:

Due to the budget issues that the State of Oklahoma is experiencing the amount of money available for respite care has remained constant and there has been no reduction in cost. Therefore, the same information has been reported for the past three report periods. This performance measure has been modified at the suggestion of the past reviewers. The data previously reported was based on the increase in the number of days of respite care over the previous year. Now the performance measure reports the number of families that are assisted with respite care.

59. Section Number: State Performance Measure #2

Field Name: SM2 Row Name: Column Name: Year: 2003 Field Note:

SPM#2: Data were obtained from the Oklahoma Department of Human Services. The increase in the number reported on this PM reflect the first time that CSHCN was able to capture data on respite care paid by Developmental Disabilities Services Division, OKDHS.

60. Section Number: State Performance Measure #2

Field Name: SM2 Row Name: Column Name: Year: 2004 Field Note:

SPM#2: Data were obtained from the Oklahoma Department of Human Services.

61. Section Number: State Performance Measure #3

Field Name: SM3 Row Name: Column Name: Year: 2002 Field Note:

Data were provided by Screening and Special Services, Oklahoma State Department of Health. Data for year 2002 are provisional.

62. Section Number: State Performance Measure #3

Field Name: SM3 Row Name: Column Name: Year: 2003 Field Note:

SPM#3: Data were obtained from the Oklahoma Birth Defects Registry, Screening and Special Services, OSDH. Data are considered provisional.

63. Section Number: State Performance Measure #3

Field Name: SM3 Row Name: Column Name: Year: 2004 Field Note:

SPM#3: Data were obtained from the Oklahoma Birth Defects Registry, Screening and Special Services, OSDH. Data are considered provisional.

64. Section Number: State Performance Measure #4

Field Name: SM4 Row Name: Column Name: Year: 2002 Field Note:

Data were provided by the Oklahoma Pregnancy Risk Assessment Monitoring System (PRAMS). Data reported for FY2001 and FY2002 are not yet available; therefore, the estimate for FY2000 has been applied to birth data for those years.

65. Section Number: State Performance Measure #4

Field Name: SM4 Row Name: Column Name: Year: 2003 Field Note:

SPM#4: Data were obtained from Oklahoma PRAMS, MCH Assessment.

66. Section Number: State Performance Measure #4

Field Name: SM4 Row Name: Column Name: Year: 2004 Field Note:

SPM#4: Data were obtained from Oklahoma PRAMS, MCH Assessment. Data for year 2004 are not available; year 2003 data are repeated to provide an estimate for this measure.

67. Section Number: State Performance Measure #5

Field Name: SM5 Row Name: Column Name: Year: 2002 Field Note:

Data were obtained from the Youth Risk Behavior Survey, MCH Assessment. YRBS data are not a statewide sample but aggregate data collected for Oklahoma schools that choose to participate in the survey.

68. Section Number: State Performance Measure #5

Field Name: SM5 Row Name: Column Name: Year: 2003 Field Note:

SPM#5: Data were obtained from Oklahoma statewide YRBS 2003.

69. Section Number: State Performance Measure #5

Field Name: SM5 Row Name: Column Name: Year: 2004 Field Note:

SPM#5: Data were obtained from Oklahoma statewide YRBS 2003. Data for year 2004 are not available; year 2003 is repeated.

70. Section Number: State Performance Measure #6

Field Name: SM6 Row Name: Column Name: Year: 2002 Field Note:

Data provided by OSDH, Community Health Services, Community Development Service.

71. Section Number: State Performance Measure #6

Field Name: SM6 Row Name: Column Name: Year: 2003 Field Note:

SPM#6: Data provided by OSDH, Community Health Services, Community Development Service.

72. Section Number: State Performance Measure #6

Field Name: SM6 Row Name: Column Name: Year: 2004 Field Note:

SPM#6: Data provided by OSDH, Community Health Services, Community Development Service.

73. Section Number: State Performance Measure #7

Field Name: SM7 Row Name: Column Name: Year: 2002 Field Note:

Data were obtained from the Youth Risk Behavior Survey, MCH Assessment.

74. Section Number: State Performance Measure #7

Field Name: SM7 Row Name: Column Name: Year: 2003 Field Note:

SPM#7: Data were obtained from the Oklahoma Youth Risk Behavior Survey, statewide 2003.

75. Section Number: State Performance Measure #7

Field Name: SM7 Row Name: Column Name: Year: 2004 Field Note:

SPM#7: Data were obtained from the Oklahoma Youth Risk Behavior Survey, statewide 2003. Data for year 2004 are not available.

76. Section Number: State Performance Measure #8

Field Name: SM8 Row Name: Column Name: Year: 2002 Field Note:

Data were obtained from Oklahoma PRAMS, MCH Assessment.

77. Section Number: State Performance Measure #8

Field Name: SM8 Row Name: Column Name: Year: 2003 Field Note:

SPM#8: Data were obtained from Oklahoma PRAMS, MCH Assessment.

78. Section Number: State Performance Measure #8

Field Name: SM8 Row Name: Column Name: Year: 2004 Field Note:

SPM#8: Data were obtained from Oklahoma PRAMS, MCH Assessment. Final data for year 2004 are not yet available. Year 2003 data are repeated.

79. Section Number: State Performance Measure #11

Field Name: SM11 Row Name: Column Name: Year: 2002 Field Note:

Performance measure has been discontinued by Oklahoma.

CHARACTERISTICS DOCUMENTING FAMILY PARTICIPATION IN CSHCN PROGRAMS STATE: OK 1. Family members participate on advisory committee or task forces and are offering training, mentoring, and reimbursement, when appropriate. 2 2. Financial support (financial grants, technical assistance, travel, and child care) is offered for parent activities or parent groups. 2 3. Family members are involved in the Children with Special Health Care Needs elements of the MCH Block Grant Application process. 2 4. Family members are involved in service training of CSHCN staff and providers. 2 5. Family members hired as paid staff or consultants to the State CSHCN program (a family member is hired for his or her expertise as a family member). 2 6. Family members of diverse cultures are involved in all of the above activities. 1 Total Score: 11 Rating Key 0 = Not Met 1 = Partially Met 2 = Mossity Met 3 = Completely Met

FORM 14 LIST OF MCH PRIORITY NEEDS

[Sec. 505(a)(5)]

STATE: OK FY: 2006

Your State's 5-year Needs Assessment should identify the need for preventive and primary care services for pregnant women, mothers, and infants; preventive and primary care services for children and services for Children with Special Health Care Needs. With each year's Block Grant application, provide a list (whether or not the priority needs change) of the top maternal and child health needs in your state. Using simple sentence or phrase, list below your State's needs. Examples of such statements are: "To reduce the barriers to the delivery of care for pregnant women, " and "The infant mortality rate for minorities should be reduced."

MCHB will capture annually every State's top 7 to 10 priority needs in an information system for comparison, tracking, and reporting purposes; you must list at least 7 and no more than 10. Note that the numbers listed below are for computer tracking only and are not meant to indicate priority order. If your State wishes to report more than 10 priority needs, list additional priority needs in a note at the form level.

- 1. Reduce the prevalence of obesity among the MCH populations
- 2. Reduce substance abuse behaviors in the MCH populations
- 3. Improve utilization of dental health services by pregnant women and children
- 4. Increase access to prenatal care
- 5. Increase the proportion of the MCH populations who are insured
- 6. Improve transition services for adolescents
- 7. Reduce unwanted, unplanned pregnancies
- 8. Increase the proportion of fully immunized children entering school
- 9. Increase the proportion of mothers who breastfeed their infants
- 10. Improve data access and file linkages of public health databases

FORM 16 STATE PERFORMANCE AND OUTCOME MEASURE DETAIL SHEET STATE: OK

SP#

PERFORMANCE MEASURE: Percent of women who have an unintended pregnancy (mistimed or unwanted) resulting in live birth

STATUS:

GOAL To reduce the number of unintended pregnancies.

DEFINITION

Numerator:

Annual estimated number of mistimed and unwanted pregnancies times 100

Denominator:

Annual number of live births in Oklahoma

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES Oklahoma PRAMS, vital records

Unintended pregnancies are at greater risk for complicated births and poor pregnancy outcomes including infant mortality, birth defects, low birth weight, child abuse and dependency on welfare. SIGNIFICANCE

PERFORMANCE MEASURE: The number of families with a child with special health care needs receiving respite care provided through the CSHCN

program.

STATUS: Active

GOAL To increase the number of families with a child with special health care needs receiving respite care provided through the

CSHCN program.

DEFINITION The number of families with a child with special health care needs receiving respite care provided through the CSHCN

program.

Numerator:

Denominator:

Units: Text:

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Claim payment records

SIGNIFICANCE

Respite care is the issue that is brought up at every Block Grant hearing as a need. By providing respite care you are lowering the risk of that child being institutionalized.

PERFORMANCE MEASURE: The rate of neural tube defects among live births in Oklahoma (rate per 10,000 live births).

STATUS: Active

GOAL To reduce the rate of neural tube defects (NTDs) in Oklahoma

DEFINITION

Numerator: Number of live births with a diagnosed NTD times 10,000

Denominator: Number of live births Units: 10000 Text: Rate

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Vital records; the Oklahoma Birth Defects Registry

SIGNIFICANCE

NTDs are devastating birth defects which negatively impact families and society. The CDC estimates 50-75 percent of all neural tube defects can be prevented if all women of child bearing age who are capable of becoming pregnant consume 0.4 milligrams of folic acid per day. Prevention measures include public education of the need to take 0.4 milligrams of folic acid per day among all women of childbearing age. Additionally, women who have had a previous child with a neural tube defect are targeted to take 4.0 milligrams daily.

PERFORMANCE MEASURE: The proportion of women who achieve the recommended weight gain during pregnancy

STATUS: Active

GOAL To assure women achieve the recommended weight gain based upon their prepregnancy body mass index.

DEFINITIONThe proportion of women who achieve the recommended weight gain during pregnancy

Numerator:

The number of women achieving the recommended weight gain according to the National Academy of Science's weight

gain recommendations times 100.

Denominator:

The number of women delivering a live birth

Units: 100 Text: 1

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES Oklahoma PRAMS; vital records. PRAMS collects self-reported information from women concerning their prepregnancy

weight and height and weight gained during pregnancy. Weight gain levels are determined by the National Institute of

Medicine's recommendations based on prepregnancy body mass.

SIGNIFICANCE Gaining the appropriate amount of weight during pregnancy contributes to a healthier infant and mother. Information

concerning the health benefits of appropriate weight gain to expectant mothers early in their pregnancy and improved nutritional monitoring by prenatal care providers may help to reduce low birth weight and other poor pregnancy outcomes.

MCH is working to help educate care providers of the benefits of appropriate weight gain during pregnancy.

PERFORMANCE MEASURE: The percent of adolescents grades 9-12 smoking tobacco products

STATUS: Active

Goal To decrease the incidence of tobacco use and the resultant disease and death attributable to exposure to tobacco products

among adolescents.

DEFINITIONThe proportion of 9th through 12th graders smoking will be derived using annual aggregate data from the Youth Risk

Behavior Survey. The proportion of students saying they smoked at least one or more cigarettes daily for the past 30 days will be considered smokers. Aggregate YRBS data are collected on an estimated 3,000 students annually from a variety of

communities across the state. Data at this point is not considered a representative sample of the state.

Numerator:

The number of 9th through 12th grade students who report smoking cigarettes daily times.

Denominator:

The total number of 9th through 12th grade students surveyed.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Youth Risk Behavior Survey; state population estimates for ages 14 to 17. Currently, this is not a randomly sampled

statewide survey at the present time. Due to lack of support for a statewide sample from the Oklahoma Department of Education, we are using convenience sampling techniques at the community level. The YRBS is made available to all schools in the state and analysis and data collection is provided by the Oklahoma State Department of Health and local county health departments. The traditional CDC 100 canvassing survey techniques are used in every school that participates. In school year 98/99 over 8000 highschool students in the state participated in the survey. Efforts to conduct a statewide random survey are still being made with the Department of Education and will continue until 100% of the

highschools in the state are participants or the Department of Education approves the use of a random sample.

SIGNIFICANCE Cigarette smoking is the single most preventable cause of death in the United States. It has been estimated that one in five

deathes is caused by tobacco use. Studies have shown the vast majority of smokers start before 18 years of age.

PERFORMANCE MEASURE: Number of communities with a Turning Point initiative that addresses the needs of their MCH populations.

STATUS: Activ

GOAL To engage communities in developing and supporting coalitions/partnerships which address the specific needs of the

community for health care for all of their MCH population groups.

DEFINITIONNumber of communities with active Turning Point initiatives that meet all elements of the comprehensive, coordinated,

community based, family centered and culturally competent care checklist.

Numerator:

The number of Turning Point plans with components that address MCH-related issues.

Denominator:

The number of communities with a Turning Point plan.

Units: Yes Text: Text

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

The Oklahoma State Department of Health's Office of Public Health Innovation evaluates the development of Turning Point

partnerships and action plans and plan implementation on an ongoing basis. Communities may be self-determined as a region, county, city/town or a subsection of a city/town. Therefore, a denominator for this measure will not be pre-selected to

avoid inhibiting systems development.

SIGNIFICANCE Communities have the responsibility for the health and welfare of their infants, all ages of children including those with

special health care needs, and women of child-bearing age.

PERFORMANCE MEASURE: The prevalence of partner violence in adolescent relationships.

STATUS: Active

GOAL To build healthy adolescent relationships.

DEFINITION The prevalence of partner violence in adolescent relationships.

The number of high school students (9th-12th grades) that respond affirmatively to the question "During the past 12 months,

did your boyfriend or girlfriend ever hit, slap, or physically hurt you on purpose?" on the YRBS.

Denominator:

The number of high school students (9th-12th grades) who responded to the question "During the past 12 months, did your

boyfriend or girlfriend ever hit, slap, or physically hurt you on purpose?" on the YRBS.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Oklahoma Youth Risk Behavior Survey (YRBS).

SIGNIFICANCE

The attainment of social competency in adult roles and responsibilities is one of the primary development tasks of Adolescents which includes obtaining the skills and knowledge to maintain a healthy lifestyle and being a caring family member. Young people who are involved in abusive relationships often continue this destructive pattern of behavior into adulthood. By helping adolescents learn to differentiate between healthy and unhealthy relationships and escape from or stop perpetrating abusive relationships, the likelihood that teenagers will develop healthier relationships in adulthood increases and the probability the cycle of domestic violence continuing is decreased.

PERFORMANCE MEASURE: The percent of mothers who smoke during the third trimester of pregnancy.

STATUS: Active

GOAL To improve healthy birth outcomes, including the reduction of low weight births.

DEFINITION The percent of mothers who smoke during the third trimester of pregnancy.

Numerator: The number of women smoking during the third trimester of pregnancy.

Denominator:

The number of women delivering a live birth.

Units: 100 Text: Percent

27-6. Increase smoking cessation during pregnancy. **HEALTHY PEOPLE 2010 OBJECTIVE**

Increase the rate of smoking cessation during the first trimester of pregnancy.

Oklahoma PRAMS; vital records. PRAMS collects self-reported information from women concerning smoking before **DATA SOURCES AND DATA ISSUES**

pregnancy and during the third trimester of pregnancy.

Smoking during pregnancy has been scientifically proven to negatively impact the birth weight of newborns. Prevention of **SIGNIFICANCE**

mothers smoking during pregnancy or discontinuing smoking early in pregnancy will improve birth weights, improve other pregnancy outcomes. By education mothers and changing behaviors, birth outcomes and the environment for newborns will

improve the health status of infants.

| Survey of recent mothers at least every two years (like PRAMS) | 3 | Yes |

- 1 = No, the MCH agency does not have this ability.
 2 = Yes, the MCH agency sometimes has this ability, but not on a consistent basis.
 3 = Yes, the MCH agency always has this ability.

FORM 19 HEALTH SYSTEMS CAPACITY INDICATOR - REPORTING AND TRACKING FORM STATE: OK

| DATA SOURCES | Does your state participate in the YRBS survey? (Select 1 - 3)* | Does your MCH program have direct access to the state YRBS database for analysis? (Select Y/N) |
|-----------------------------------|--|--|
| Youth Risk Behavior Survey (YRBS) | 3 | Yes |
| Other: | | |
| | | |
| | | |

HEALTH SYSTEMS CAPACITY INDICATOR #09C (Data Capacity) Overweight/Obesity (The Ability of the State to Determine the Percent of Children Who are Obese or Overweight)

| Data Source | Does your state participate in this survey/data source? (Select 1 - 3)* | Does your MCH program have direct access to this electronic database for analysis? (Select Y/N) |
|--|---|---|
| Youth Risk Behavior Survey (YRBS) | 3 | Yes |
| Pediatric Nutrition Surveillance System (PedNSS) | 1 | No |
| WIC Program Data | 3 | Yes |
| Other: | | |
| | | |
| | | |

*Where:

- 1 = No
- 2 = Yes, the State participates but the sample size is <u>not</u> large enough for valid statewide estimates for this age group.
- 3 = Yes, the State participates and the sample size is large enough for valid statewide estimates for this age group.

Notes:

1. HEALTH SYSTEMS CAPACITY INDICATOR #09B was formerly reported as Developmental Health Status Indicator #05.

FORM NOTES FOR FORM 21

HSI#06A-B: Data were obtained from the Oklahoma Department of Commerce. Reflect 2003 population numbers.

HSI#07A-B: Data for year 2004 are unavailable. Total live births provided are for calendar year 2003. NOTE: For live births by race categories, some births were unknown for maternal age. Total 11, White 6, Black 1, Am. Indian 3, Other/Unk 1. For ethnicity: Total NOT Hispanic 9, Total Hispanic 1, Ethnicity Not Reported 1. These numbers cannot be displayed in the table as it is structured.

HSI#08A-B: Data were obtained from Health Care Information, OSDH. Numbers reflect 2003 deaths to children under age 25.

HSI#09A (All children 1 to 19): Data were obtained from the Oklahoma

Department of Commerce. Reflect 2003 population numbers

HSI#10 (Geographic Living Area): Data were obtained from the Oklahoma Department of Commerce. Reflect 2003 population numbers.

HSI#11-12 (Poverty Levels): Data were obtained from the Oklahoma Department of Commerce. These data reflect Current Population Survey data for 2003.

FIELD LEVEL NOTES

1. Section Number: Indicator 09A

Field Name: HSIRace_SingleParentPercent

Row Name: Percent in household headed by single parent

Column Name: Year: 2006 Field Note:

Data were obtained from the Oklahoma Dept. of Commerce. These percentages reflect Census 2000 data.

Section Number: Indicator 09A
 Field Name: HSIRace_TANFPercent
 Row Name: Percent in TANF (Grant) families

Column Name: Year: 2006 Field Note:

Data were obtained from Oklahoma Dept. of Human Services and represent SFY2003.

Section Number: Indicator 09A
Field Name: HSIRace_MedicaidNo
Row Name: Number enrolled in Medicaid

Column Name: Year: 2006 Field Note:

Data were provided by Oklahoma Health Care Authority and reflect FFY2004 enrollment.

Section Number: Indicator 09A
Field Name: HSIRace_SCHIPNo
Row Name: Number enrolled in SCHIP

Column Name: Year: 2006 Field Note:

Data were provided by Oklahoma Health Care Authority and reflect FFY2004 enrollment.

 Section Number: Indicator 09A Field Name: HSIRace_FoodStampNo

Row Name: Number enrolled in food stamp program

Column Name: Year: 2006 Field Note:

Data were obtained from the Oklahoma Dept. of Human Services annual report for FY2004. Numbers reflect average monthly food stamp program enrollees. The "Other and Unknown" category are counts of Hispanic children.

6. Section Number: Indicator 09A Field Name: HSIRace_WICNo Row Name: Number enrolled in WIC

Column Name: Year: 2006 Field Note:

Data were obtained from the WIC Program, OSDH. Enrollment numbers reflect calendar year 2004.

7. Section Number: Indicator 09A

Field Name: HSIRace_JuvenileCrimeRate

Row Name: Rate (per 100,000) of juvenile crime arrests

Column Name: Year: 2006 Field Note:

Data were obtained from Oklahoma Juvenile Affairs annual report 2003. Race and ethnicity data are unavailable.

8. Section Number: Indicator 09A Field Name: HSIRace_DropOutPercent

Row Name: Percentage of high school drop-outs (grade 9 through 12)

Column Name: Year: 2006 Field Note:

Data obtained from the National Center for Education Statistics, and reflect 2001 data from the Current Population Survey. Race/ethnicity rates reflect national data.

9. Section Number: Indicator 09B

Field Name: HSIEthnicity_SingleParentPercent

Row Name: Percent in household headed by single parent

Column Name: Year: 2006 Field Note:

Data were obtained from the Oklahoma Dept. of Commerce. These percentages reflect Census 2000 data.

10. Section Number: Indicator 09B

Field Name: HSIEthnicity_TANFPercent Row Name: Percent in TANF (Grant) families

Column Name:

Year: 2006 Field Note:

Data were obtained from Oklahoma Dept. of Human Services and represent SFY2003.

11. Section Number: Indicator 09B Field Name: HSIEthnicity_MedicaidNo Row Name: Number enrolled in Medicaid

Column Name: Year: 2006 Field Note:

Data were provided by Oklahoma Health Care Authority and reflect FFY2004 enrollment.

12. Section Number: Indicator 09B Field Name: HSIEthnicity_SCHIPNo Row Name: Number enrolled in SCHIP

Column Name: Year: 2006 Field Note:

Data were provided by Oklahoma Health Care Authority and reflect FFY2004 enrollment.

13. Section Number: Indicator 09B

Field Name: HSIEthnicity_FoodStampNo
Row Name: Number enrolled in food stamp program

Column Name: Year: 2006 Field Note:

Data were obtained from the Oklahoma Dept. of Human Services annual report for FY2004. Numbers reflect average monthly food stamp program enrollees.

14. Section Number: Indicator 09B Field Name: HSIEthnicity_WICNo Row Name: Number enrolled in WIC

Column Name: Year: 2006 Field Note:

Data were obtained from the WIC Program, OSDH. Enrollment numbers reflect calendar year 2004.

15. Section Number: Indicator 09B

Field Name: HSIEthnicity_JuvenileCrimeRate

Row Name: Rate (per 100,000) of juvenile crime arrests

Column Name: Year: 2006 Field Note:

Only overall rates are available from the Office of Juvenile Affairs. Race and ethnicity data are unavailable.

16. Section Number: Indicator 09B

Field Name: HSIEthnicity_DropOutPercent

Row Name: Percentage of high school drop-outs (grade 9 through 12)

Column Name: Year: 2006 Field Note:

Data obtained from the National Center for Education Statistics, and reflect 2001 data from the Current Population Survey. Race/ethnicity rates reflect national data.

17. Section Number: Indicator 09A Field Name: HSIRace_FosterCare

Row Name: Number living in foster home care

Column Name: Year: 2006 Field Note:

Data were obtained from the Oklahoma Dept. of Human Services annual report for FY2004. Numbers reflect average monthly count of children residing in foster homes.

The "Other and Unknown" category are counts of Hispanic children.

18. Section Number: Indicator 09B Field Name: HSIEthnicity_FosterCare Row Name: Number living in foster home care

Column Name: Year: 2006 Field Note:

Data were obtained from the Oklahoma Dept. of Human Services annual report for FY2004. Numbers reflect average monthly count of children residing in foster homes.

NEW STATE PERFORMANCE AND OUTCOME MEASURE DETAIL SHEET STATE: OK

SP# 1

PERFORMANCE MEASURE: The percent of women who have an unintended pregnancy (mistimed or unwanted) resulting in live birth.

GOAL To reduce the number of unintended pregnancies.

DEFINITION The percent of women having an unintended pregnancy resulting in a live birth.

Numerator:

The annual estimated number of mistimed and unwanted pregnancies.

Denominator:

The annual number of live births in Oklahoma.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES Oklahoma PRAMS, vital records

Unintended pregnancies are at greater risk for complicated births and poor pregnancy outcomes including infant mortality, birth defects, low birth weight, child abuse and dependency on welfare. SIGNIFICANCE

OBJECTIVE 2006 2007 2008 2009 2010

PERFORMANCE MEASURE: The percent of mothers who smoke during the third trimester of pregnancy.

GOAL To improve healthy birth outcomes, including the reduction of low weight births.

DEFINITION The percent of mothers who smoke during the third trimester of pregnancy.

Numerator:

The number of women smoking during the third trimester of pregnancy.

Denominator:

The number of women delivering a live birth.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE 27-6. Increase smoking cessation during pregnancy.

Increase the rate of smoking cessation during the first trimester of pregnancy.

Oklahoma PRAMS; vital records. PRAMS collects self-reported information from women concerning smoking before **DATA SOURCES AND DATA ISSUES**

pregnancy and during the third trimester of pregnancy.

SIGNIFICANCE

Smoking during pregnancy has been scientifically proven to negatively impact the birth weight of newborns. Prevention of mothers smoking during pregnancy or discontinuing smoking early in pregnancy will improve birth weights, improve other pregnancy outcomes. By education mothers and changing behaviors, birth outcomes and the environment for newborns will

improve the health status of infants.

OBJECTIVE 2006 2007 2008 2009 2010 SP# 3

PERFORMANCE MEASURE: The percent of adolescents grades 9-12 smoking tobacco products

GOAL To decrease the incidence of tobacco use and the resultant disease and death attributable to exposure to tobacco products

among adolescents.

DEFINITIONThe proportion of 9th through 12th graders smoking will be obtained data from the Oklahoma Statewide Youth Risk

Behavior Survey. The proportion of students saying they smoked at least one or more cigarettes daily for the past 30 days

will be considered smokers.

Numerator:

The number of 9th through 12th grade students who report smoking cigarettes daily times.

Denominator:

The total number of 9th through 12th grade students surveyed.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Oklahoma Statewide Youth Risk Behavior Survey (YRBS).

SIGNIFICANCE

OBJECTIVE

Cigarette smoking is the single most preventable cause of death in the United States. It has been estimated that one in five

deathes is caused by tobacco use. Studies have shown the vast majority of smokers start before 18 years of age.

2006 2007 2008 2009 2010

SP# 4

The number of families with a child with special health care needs receiving respite care provided through the CSHCN **PERFORMANCE MEASURE:**

To increase the number of families with a child with special health care needs receiving respite care provided through the GOAL

CSHCN program.

DEFINITION The number of families with a child with special health care needs receiving respite care provided through the CSHCN

program.

Numerator:

n/a

Denominator:

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Claim payment records

SIGNIFICANCE

Respite care is the issue that is brought up at every Block Grant hearing as a need. By providing respite care you are lowering the risk of that child being institutionalized.

OBJECTIVE

2006 2007 2008 2009 2010

SP#____5

PERFORMANCE MEASURE: The percent of first grade students at risk for overweight (greater than or equal to 85th percentile of gender-specific body

mass index [BMI] distribution).

GOAL To reduce the proportion of first grade students at risk for being overweight.

DEFINITION The percent of first grade students at risk for overweight.

Numerator:

The number of first grade students at risk for overweight responding to the Oklahoma First Grade Survey.

Denominator:

The total number of first grade students responding to the Oklahoma First Grade Survey.

Units: 100 Text: Percent

HEALTHY PEOPLE 2010 OBJECTIVE Objective 19-3c. Reduce the proportion of children and adolescents who are overweight or obese.

DATA SOURCES AND DATA ISSUES Oklahoma school-based First Grade Survey

SIGNIFICANCE Overweight and obesity elevate the risk of a number of illnesses including hypertension, high cholesterol, diabetes,

cardiovascular disease, and a number of cancer types.

OBJECTIVE 2006 2007 2008 2009 2010

SP# 6

PERFORMANCE MEASURE:

The extent to which the MCH program area develops and maintains the capacity to access and link health-related data relevant to targeted MCH populations.

GOAL

To improve MCH data capacity by collecting, linking, and analyzing relevant health data to inform key policy and program decisions.

DEFINITION

SIGNIFICANCE

The degree that MCH cultivates data access and implements and sustains linking activities to increase data capacity to further analyses and guide policy and program development. Progress for this measure will be referred to Form 19 Health Systems Capacity Indicator #09A, which outlines key elements for expanding data capacity. Success is measured by direct access to and linking of targeted data streams (e.g., Medicaid data, vital statistics, WIC, newborn screening, birth defects) by ranking on a scale of 1-3, with 3 the ideal case in which the MCH Program area has the ability to avail itself of data for analysis and linking purposes. Each element will be individually scored. Single scores are summed across items to yield a total score purported to indicate the extent to which data capacity has been achieved. Higher overall scores reveal greater levels of data capacity.

Numerator:

N/A

Denominator:

N/A

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

Oklahoma vital statistics; newborn screening data; direct client services database, Public Health Oklahoma Information System (PHOCIS); MCH surveillance data, PRAMS and TOTS; Medicaid claims and eligibility data

Bringing together key health-related information systems will strengthen policy and program decisions by permitting public health professional to make informed judgments about the allocation of limited resources. Linked data will provide a more

comprehensive assessment of health care and health status among MCH populations.

OBJECTIVE 2006 2007 2008 2009 2010

Page 93 of 95

SP #_____7

PERFORMANCE MEASURE: Percent of children with special health care needs that receive timely and appropriate transition services.

GOALTo determine the percentage of children with special health care needs receiving transition services.

DEFINITION Percent of children with special health care needs that receive timely and appropriate transition services.

Numerator

The number of CSHCN adolescents receiving transition services.

Denominator:

The number of CSHCN adolescents.

Units: Text: 0

HEALTHY PEOPLE 2010 OBJECTIVE

DATA SOURCES AND DATA ISSUES

CSHCN program data, Oklahoma Department of Human Services.

SIGNIFICANCE

Transition services for children with special health care needs has surfaced repeatedly in discussions related to system needs in Oklahoma. There is a persistent gap in the availability of services for special needs children that transition them

into adulthood.

OBJECTIVE

2006 2007 2008 2009 2010
